

# How Important Will You Be At 3 a.m.?

## Promises, Promises . . .

At Sudler Property Management, your Association is not just a 9 to 5 proposition.

Others “promise” to deliver better service and responsiveness, day or night , **we actually deliver!**

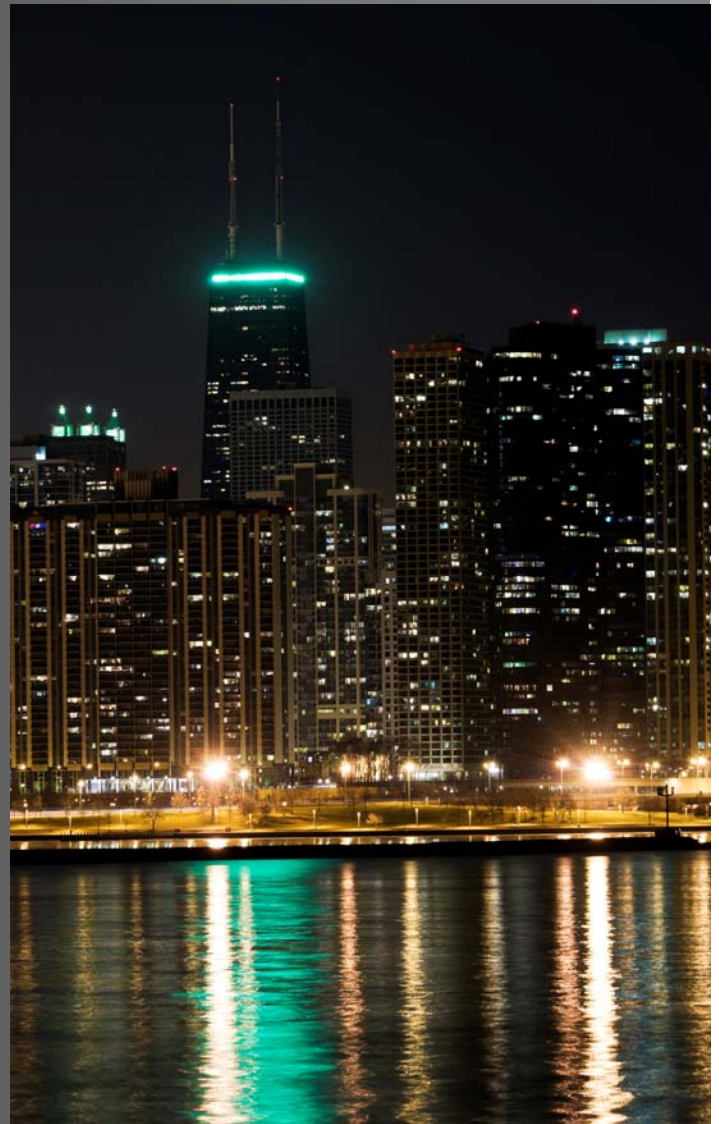

When there are pressing issues or emergencies that demand immediate response, our 24/7 call procedures, staff and resources ensure immediate response and effective action.

Our Emergency Call Center is second to none with detailed 24/7 Call Sheets for every client with multiple individuals on call – just in case. More importantly, the required callback time is 10 minutes or less - any time, any day.

Beyond that, our clout with an arsenal of the highest quality, ClientAdvantage service providers are committed to respond to Sudler-managed properties with equal speed and efficiency in order to minimize the impact on your property - and, ultimately, your living comfort.

With more certified professionals than any other management company in Chicago, these are just a few reasons why we have earned the loyalty of over 100 premier clients throughout Chicago.

## See What We Deliver.
