Dear Steve,

I wanted to take the time to thank you and Sudler for the outstanding service provided to Harrison Street Lofts during my tenure as Board President. I sincerely appreciate the attention and assistance from your staff as we faced the very difficult challenge of taking control of the association from the property developer. Your strong industry expertise certainly made my job easier as we went about the business of establishing a new association.

Please feel free to use my name as a reference in the future. I would be happy to discuss my experience with Sudler, both at Harrison Street Lofts and with my prior building in Dearborn Park.

Sincerely,

*Patricia L. Ashley*
